Mongoose Mountain Bike - Sabrosa Ocho

MSRP: \$1099.99 (MSRP reflects US pricing and does not include freight & assembly and may vary by region)

2010 Mongoose Sabrosa Ocho Tech Specs

Mongoose Sabrosa Ocho: From its stealth appearance to its clean lines to its Swiss Army knife like adaptability, the all new Sabrosa is the ultimate in urban cycling style and performance. The sleek new Slot Jockey-ITS chain tensioning dropout system provides the ultimate in drive train flexibility. Every Sabrosa model gives, you the option to run a standard multispeed drive train, an all weather friendly internally geared hub system, or a straight up, bare bones single speed set up; all with the same bike. Worried about locking your bike up downtown? The Sabrosa has you covered with its own quick release pedal system that allows fast and simple removal of the pedals. Just toss them in your bag, lock up the bike and you've got double security. Of course we also made sure to equip the bike with integrated fender mounts for all weather protection. With so much to offer, the Sabrosa will easily turn your commute into the best part of your day.
